
Norwell Pediatric Dentistry

317 Washington Street
Norwell, MA 02061
(781)659-7442

Welcome to
Norwell Pediatric
Dentistry!

Say hi to the nice
lady at the front
desk and tell her
your name.

We wait for our
turn.

The dental
assistant will call
your name.

It's time to pick a toothbrush and brush your teeth.

The hygienist will clean your teeth; you will sit in a fun chair that goes back and forth and up and down.

You will put on a bib to keep your shirt clean and sunglasses because the lights are very bright!

The hygienist has tools that help her clean your teeth.

The dentist wears a mask, gloves and special glasses so she can look at your teeth.

Open wide!

Now the dentist can count your teeth and make sure there aren't any cavity bugs.

Almost done! It's time to pick some fun prizes for being such a good patient.

Time to check out.

Bye bye! See you
in six months!
